

News For Immediate Release:

***KBM FACILITY SOLUTIONS NAMED ONE OF SAN DIEGO BUSINESS JOURNAL'S 2009
FASTEST GROWING PRIVATELY HELD COMPANIES***

SAN DIEGO — September 29, 2009 — KBM Facility Solutions, a leading national janitorial service company headquartered in San Diego, has been named the 38th Fastest Growing Privately Held Company for 2009 by *the San Diego Business Journal*, according to Maureen Gray, Chief Executive Officer of KBM Facility Solutions. KBM had an 81.33 percent increase in revenue growth from 2006 to 2008 to secure its ranking on the annual list. KBM's growth rate has continued at a record pace in 2009 with an increase in revenue growth projected at 94 percent and a workforce of over 500 employees and 350 vendor partners across the United States and Canada.

Gray attributes KBM's growth to creating long-term partnerships with clients and a workforce that directly shares in the success of the company. "KBM establishes Key Performance Indicators (KPI's) with customers to align objectives and formally measure service delivery" said Gray, "employees of KBM play a leading role in meeting KPI's and directly benefit from KBM's success through the company's profit sharing plan." Gray also believes that the company's investment in delivering the world's only scientifically verified cleaning process has set them apart from the competition. "More and more our clients from aerospace, bio-tech, high-tech and manufacturing, to commercial office and educational institutions, are looking for a scientifically verified and sustainable cleaning process that delivers quantifiable results."

KBM offers this sustainable and scientifically verified cleaning solution to their clients by delivering Operating System One or (OS1)[®] by ManageMen[®]. (OS1) is the only organization to date that has obtained best practices benchmarks and scientifically verified statistics for a cleaning process. The (OS1) system is employed by some of the

largest and most prestigious corporations and universities in the world including, the Boeing Co., QUALCOMM, Lockheed Martin's - Sandia National Laboratories, Northrop Grumman Space Technologies, Intuit and the University of Massachusetts. KBM is an industry leader in green cleaning, having employed the (OS1) cleaning process since 1998.

About KBM Facility Solutions

KBM Facility Solutions provides janitorial services to clients across the United States and Canada in diverse industries ranging from aerospace, high-tech, bio-tech and manufacturing to hospitality, retail, commercial office, educational institutions and property-managed facilities. In 2009 KBM achieved success in green certifying 4 accounts: Gen-Probe, Biogen IDEC, Takeda and Intuit through independent third party audits and received the (OS1) Users Group national awards for "Safety and Health Program of the Year" and "Training Program of the Year."
